ForeTees

A new system at YCC for automated tee times signup

Remember, YCC has implemented the **ForeTees** computer program for automated member tee times signup. **ForeTees** is a ten year old reservation system developed by PGA golf professionals exclusively for the use of private clubs like ours. Bob Eames and the Board are very excited about this system and the benefits it gives the members as well as the Club. This new system is now up and running and can be accessed directly at the YCC website's homepage from any computer or from your smart phone.

Members are still be able to call the Pro Shop for tee times.

ForeTees Member Benefits:

- Provides members with a faster and more convenient option for making tee times
- System is available 24 hours per day, 7 days a week from anywhere with internet access
- No longer experience long hold times when trying to make a tee time (online times can be made in an instant)
- View the entire tee sheet for a specified day within 30 days of the current date (see who's playing, with whom, and when)
- Make and modify your tee times online
- Create a "Partners" list of members with whom you play most often (expedites the tee time making process even more)

- Able to register for events online quickly and easily
- Search for other members' tee times
- Calendar feature lists all current tee times and events for each individual member
